

***CINDY NOWINSKI, MD, PhD***

---

**Cindy Nowinski, MD, PhD** is Director of Education at the Center on Outcomes, Research and Education (CORE) and a Research Assistant Professor in the Institute for Healthcare Studies at the Northwestern University Feinberg School of Medicine. She received her PhD in clinical psychology from Loyola University of Chicago and her MD from Northwestern University Medical School. Areas of research interest include evaluating the impact of chronic diseases on patient-reported and clinical outcomes, patient-physician relations, and using health information technology to improve quality of care. In addition to her role as co-investigator on the NIH Toolbox Project, she is co-investigator on a five year, NINDS-funded project to develop a health-related quality of

life measurement system for people with neurological disorders and on a VA-funded study to develop an HRQL measure specific to deployment-related Traumatic Brain Injury.
